Naval Enterprise Networks PMW-205 & Naval Network Warfare Command

Welcome Package

4 April 2012

Welcome

On behalf of PEO-EIS, we welcome you and your company to tour the Navy Marine-Corps Intranet (NMCI) Network Operations Center, the Server Farm, and the Helpdesk located:

Building W-143

1968 Gilbert St. 23511-3392

Naval Station Norfolk, VA.

This brief will provide you with tour objectives and logistics, security policies and procedures, area lodging and restaurants.

Introduction

- Tour Objectives
  - Provide perspective contractors the opportunity to tour the Norfolk, VA Network Operations Center (NOC), large server farm, and service desk in support of the NGEN acquisition process.
  - Provide an understanding of current NMCI service operations that are critical to the Navy warfighter.

- Tour Overview
  - Tours will be approximately two hours.

Questions

- Equity remains paramount and thus the questions and answers (Q&A) process will be strictly controlled and well structured.
- Contractors may submit questions during the tours in writing to the respective presenters/station managers.
- These questions will be reviewed by the Contracting Officer and appropriate SMEs. All final answers/responses will be posted to the Federal Business Opportunities (FBO) website after ALL tours have been completed.
- The company name or individual posing the question will not be released to the public; only the Q&A will be released.
- The Presenters/Station managers have been instructed not to answer industry questions in this forum. Thank you in advance for helping our presenters abide by this direction.
